

## GENERAL ASSEMBLY WAS ONE OF HARDEST WORKED IN HISTORY

NEARLY 2500 BILLS WERE INTRO-  
DUCED IN FORTY-NINTH  
LEGISLATURE.

### HUNDREDS OF BILLS PASSED

Adjournment Came Late Saturday  
Night—Waterway Bill the  
Biggest Work.

Passage of the waterway bill sub-  
mission of the so-called tax reform  
constitutional amendment, the de-  
feat of all wet or dry legislation, prac-  
tically all labor legislation, the Chi-  
cago home rule bill, the horse racing  
betting and boxing bills and the en-  
actment of numerous bills increasing  
salaries were the principal features of  
the 49th general assembly which was  
brought to a close Saturday night.

The session began on January 5  
and was ushered in with a seven  
weeks deadlock over the selection of  
a speaker, the longest such deadlock  
in the history of the state. Work of  
the senate was held up an equally  
long time, pending the settlement of  
contests and the seating of members  
from two contested Cook county dis-  
tricts.

### Hard Working Session.

Old time politicians say that this  
was one of the hardest working ses-  
sions in the history of the state. More  
bills were considered than ever be-  
fore. More than 1500 bills were in-  
troduced in both houses, 994 in the  
house and 554 in the senate.

The biggest piece of legislation en-  
acted by this legislature was Gov.  
Dunne's waterway bill providing for  
the building of an eight-foot channel,  
at a cost of \$5,000,000, connecting  
the Chicago drainage canal with the  
head of navigation in the Illinois river  
and thereby creating a direct water  
route between the great lakes and  
Gulf of Mexico.

### Tax Amendment.

Next in importance, as classed by  
the members, was the adoption of the  
tax amendment resolution, providing  
for the submission to the people of a  
constitutional amendment providing  
for the classification of property for  
taxation instead of the present uni-  
form system of taxation.

Appropriations made by the assem-  
bly at this session total between \$43,-  
000,000 and \$44,000,000, or nearly  
\$5,000,000 more than last session. Of  
this amount \$4,000,000 a year will go  
to the public schools, an increase of  
\$1,000,000 a year.

Politicians claim that the session  
just ended probably will be remem-  
bered for what it did not do as much  
as for what it did. No wet or dry leg-  
islation was passed. A bill repealing  
the women's suffrage act passed by  
the last general assembly was intro-  
duced but never acted upon, dying in  
committee.

### Increased Salaries.

One of the principal features of the  
session was the passage of numerous  
bills increasing salaries. A bill was  
passed increasing the salaries of mem-  
bers of the legislature from \$2000 a  
term to \$3500. The circuit and super-  
ior judges in Cook county and the  
Cook county states attorney's salar-  
ies were increased from \$10,000 to  
\$12,000 a year. The salaries of down-  
state circuit court judges were in-  
creased from \$5000 to \$7000 per  
year.

## Ashton Chautauqua To Close Tomorrow-Has Been Success

(Special to the Telegraph)

Ashton, June 21—Ashton's chautau-  
qua, which closes tomorrow, has  
been an unqualified success, from  
financial and entertaining features,  
and there is now no doubt that it will  
be made a permanent event.

Sunday's crowds filled the big  
tent, which seats 1000 to capacity,  
and the concerts by the Winifred  
Thompson Concert Co., and the ad-  
dress by Congressman M. C. Kelly of  
Pennsylvania on "Machine Politics"  
were up to the standard of excellence  
which has been maintained during  
the chautauqua.

## Governor Saves Leo Frank From Death Tomorrow

Announces Commutation Death  
Sentence To Imprisonment  
For Life

(Associated Press)

Atlanta, Ga., June 21 — Leo  
Frank's death sentence was commu-  
ted to life imprisonment today by Gov.  
Slaton. The announcement of the de-  
cision came several hours after Frank  
—without handcuffs—had been se-  
cretely taken from the jail to the  
state prison farm at Milledgeville as  
a precaution against any demonstra-  
tion which might follow the decision.  
Frank was under sentence to be hang-  
ed tomorrow for the murder of Mary  
Phagan, a factory girl, April 19th,  
1913. The case has attracted unusual  
attention throughout the United  
States, and thousands of names were  
signed to petitions received by Gov-  
ernor Slaton asking that the death sen-  
tence be commuted.

### Disapprove Decision.

Extra editions of the newspapers  
announcing the Governor's decision  
caused crowds to gather around the  
city hall, and a hundred extra police  
were necessary to control them. One  
arrest was made. Commenting on the  
disapproval with which the decision  
was received in some quarters Gov-  
ernor Slaton said: "Feeling as I do  
about the case I would be a murderer  
if I allowed Frank to hang."

### Asks People Be Calm.

The Governor asked the people to  
suspend judgment until they have  
read his statement of his reasons for  
commuting sentence. The statement  
is lengthy, reviews the case and de-  
clares: "The only question is that of  
the identity of the criminal."

## DYNAMITE FOUND AT CANADA ARMORY

ATTEMPT TO KILL 200 SOLDIERS  
—OVERALL FACTORY WAS  
DAMAGED

(Associated Press)

Windsor, Ont., June 21—The Pea-  
body Overall factory was partially  
wrecked by a bomb early today. The  
plant had just completed an order  
for 115,000 uniforms for the British  
army. The loss is \$10,000. Later  
twenty-five sticks of dynamite were  
found under the Windsor armory  
where 200 men slept last night. The  
fuse had been set for 3:15, but  
had burned out. President Peabody  
believes that "German sympathizers  
in Detroit," are responsible.

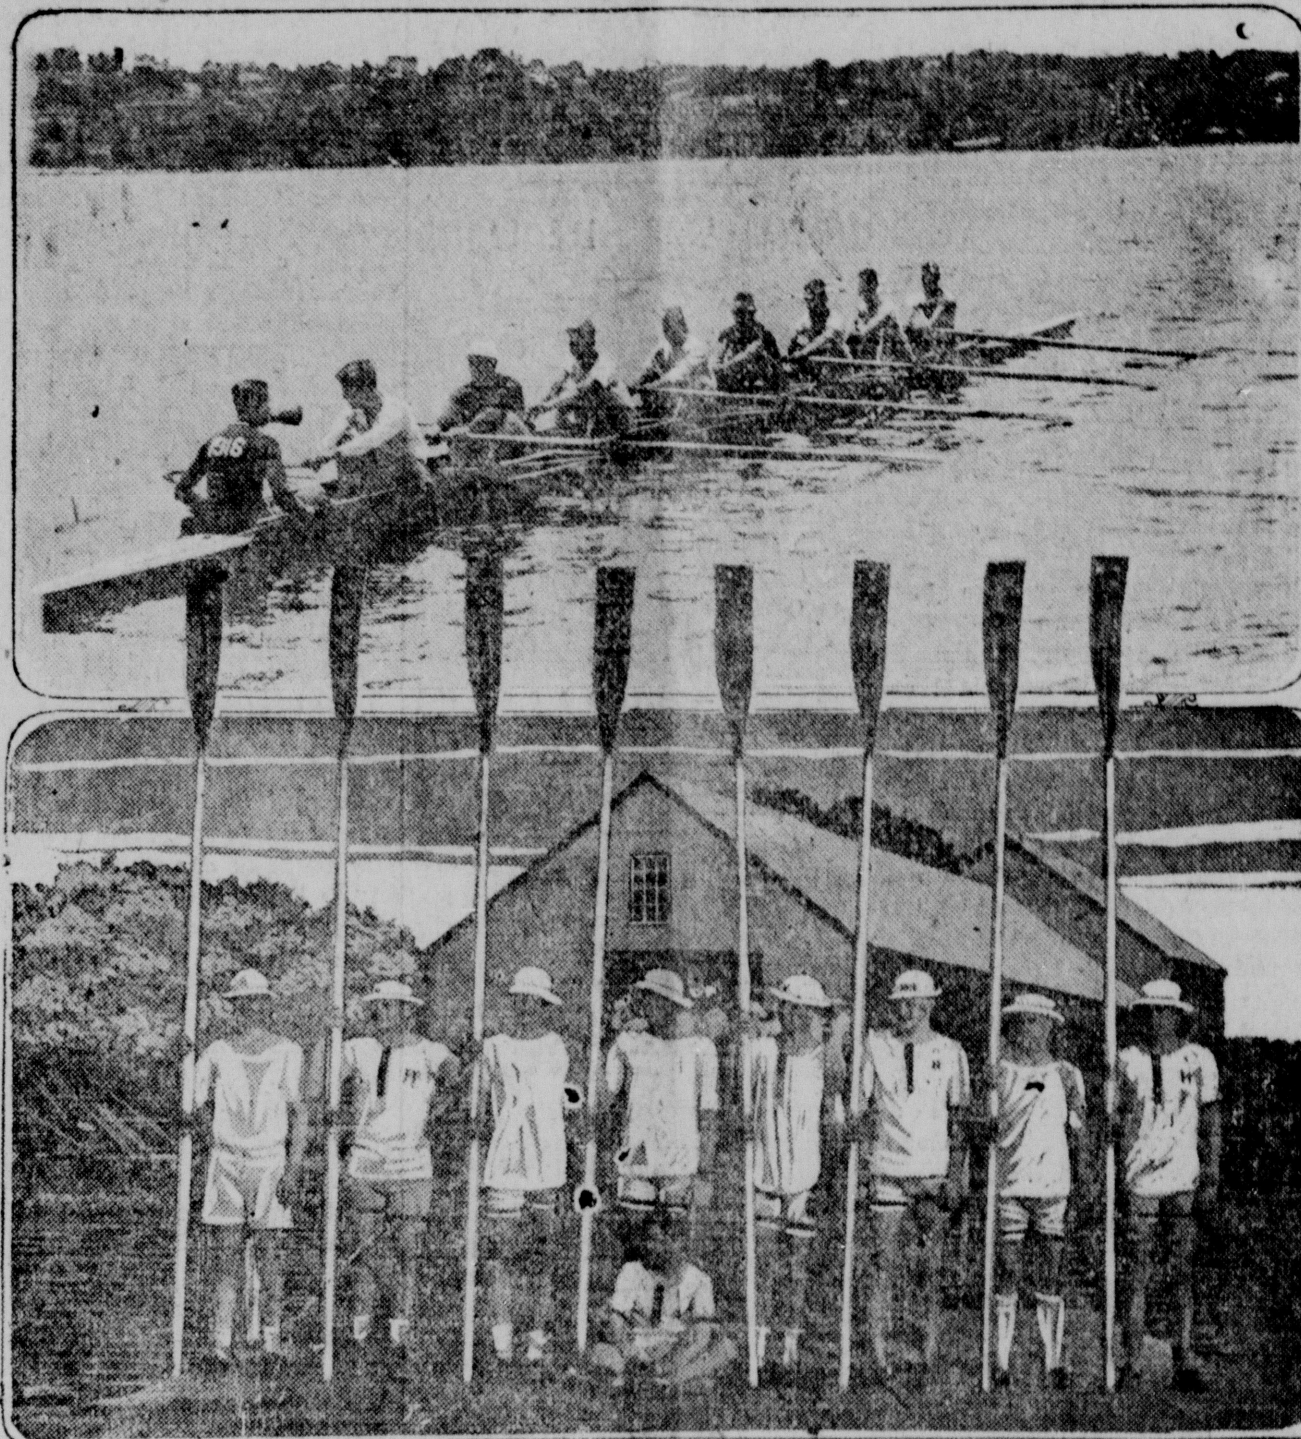

### DIXON LADIES PRIZE WINNERS

Employees of Dixon Home Telephone  
Co. Write Prize Essays.

Misses Vivian Graves, Florence  
Keenan and Madge Hogan of the  
Dixon Home Telephone exchange were  
winners of the first, second and third  
prizes, respectively, which were of-  
fered for the three best essays on the  
school of instructors for telephone op-  
erators, which was recently held in  
Dixon. The prizes were \$5, \$3 and \$2,  
and naturally the young ladies and  
officers of the Dixon exchange feel  
considerable pride in the fact that  
Dixon captured all the honors.

Dr. and Mrs. Porter of Lyndon  
were visitors in this city on Sunday  
evening.

## Yale and Harvard Crews Ready For Annual Clash on the Thames River.

Crews of Yale and Harvard will meet in their annual test of prowess on the Thames river June 25. The captains, coaches, members of the crews and admirers are on the tip of expectancy. The outcome will be in doubt until the winning crew crosses the finishing line. Those who have seen the crews in training practice are of the opinion that they are evenly matched. The greatest interest centers in the outcome of the first varsity races. In the accompanying illustration, at the top, is shown the Yale first varsity crew. Harvard's first varsity is shown in the lower picture.

Marshall, Texas, June 21—The  
case of Frank O'Leary, a fireman,  
charged with complicity in the kill-  
ing of William Plack, a lecturer  
against the Roman Catholic church  
on Feb. 3, 1916, was called for trial  
O'Leary was not present at the shoot-

room, and resulted in the death of  
Plack and John Rogers and the  
wounding of William Copeland. The  
two latter had asked Plack to stop  
delivering his addresses, to which  
request he refused. Three others  
are under indictment.

## OFFICIALS LAID OUT CAMP DUNNE SUNDAY

LOCATED CAMP FOR FOUR REGI-  
MENTS OF ILLINOIS NA-  
TIONAL GUARD.

As forecasted in the Telegraph on  
Saturday evening, a party of Illinois  
National Guard officials visited Dix-  
on Sunday and laid out Camp Dunne  
at the state's ground north of the  
city, the camp being located 600 yards  
west of the new artesian well at the  
epileptic colony. The party was com-  
posed of Col. R. J. Shand, assistant  
adjutant general, Col. Frank D.  
Whipp of the State Board of Admin-  
istration, Col. W. T. Lawrie, com-  
mandant of the Sixth regiment, Col.  
Daniel Morality of the Second regt-  
ment, State Engineer Allen, Captain  
O'Neal of Signal Corps No. 2, Major  
G. M. Blech, M. D. of the field hos-  
pital corps, Capt. Simmons of the  
quartermaster's department, and M.  
Salsenstein of Springfield. Capt. Sim-  
mons has been appointed post quar-  
termaster and he will return to Dix-  
on next week to arrange for the encamp-  
ment, which will start July 11 con-  
tinuing four weeks.

### DON'T GET NEW ARMORY.

The failure of the house to con-

\$40,000 armory at Sterling, knocks  
out any possibility of the company at  
that city having a new home for two  
years at least.

## POLICE IN MIDNIGHT RAID OF ALLEGED GAMBLING ROOMS

PULLED EARLY MORNING DES-  
CENT BUT FOUND NO EVI-  
DENCE OF GAMBLING.

Early Sunday morning the police  
made an unheralded visit to a room  
in the business district where it had  
been tipped off there was a poker  
game in progress. They found the  
door locked and on rapping at the  
door there was a scurrying of feet be-  
hind the door opened and when the  
door swung back they found eight  
young men seated at a table playing  
the game of rump. There was no gam-  
bling paraphernalia in sight. The of-  
ficers gave the men a good lecture  
and warned them that if they were  
caught in any gambling game they  
would be dealt with according to law.

### MURDERED WOMAN KNOWN HERE

Mrs. Edmund Allen Visited "Camp  
Hope" Near Grand Detour

(Associated Press)  
Mrs. Edmund Allen, wife of the  
warden of the Joliet penitentiary, is  
known to many Dixon and Grand De-  
tour people to whom the news of her  
brutal murder at the penitentiary,  
early Sunday morning, comes as a  
shock. Mrs. Allen visited Camp Hope  
the convict road builders' camp near  
Grand Detour, while they were work-  
ing there, and she presented the men  
with the "Camp Hope" flag, which  
she had made herself to give them.

port, N. Y. Mr. Bucher is an expe-  
rienced man and his friends in Dixon  
will hope that the appointment can be  
made permanent.

## William H. Rand Noted Publisher Died This Morn

Passed Away At New Canaan  
Conn. Was Head Of  
Rand, McNally

(Associated Press)

New Canaan, Conn., June 21 —  
Wm. H. Rand, for many years head  
of the Rand, McNally Publishing Co.,  
died at his home here today.

### Obituary.

William H. Rand was born May 2,  
1828, at Quincy, Mass., the 12th child  
and seventh son of John Rand, a min-  
ister, and in his early youth was em-  
ployed in the printing office of his  
brothers, Franklin and George.

In 1849 he joined the gold rush to  
California, making the voyage around  
Cape Horn. His labors at mining  
brought small success and after about  
a year of them he returned to his  
trade as a printer and in partnership  
with the late John A. Lewis of Bos-  
ton, established the first newspaper in  
southern California, the Los Angeles  
Star. The text was printed both in  
Spanish and English.

Returning to Boston he establish-  
ed a printing business in that city,  
and in 1855 married Harriet Robins-  
on of Bath, Me. Mrs. Rand died in  
1905.

In 1856 Mr. Rand moved to Chic-  
ago and was thereafter closely iden-  
tified with the business and growth of  
that city. He printed the Chicago Trib-  
une, and was for years a part owner  
of that paper. Having sold his interest  
shortly after the civil war he founded  
with Andrew McNally, who had been  
his foreman, the printing and publish-  
ing house of Rand, McNally & Co.

He is survived by five children,  
Charles E. Rand, Mrs. Otto T. Freer,  
and Mrs. Charles E. Springer of Chic-  
ago, and Mrs. Henry W. Chappell  
and Wm. Rand Jr. of New York.

## AGRICULTURAL EXPERT TO ADDRESS MEETING

DR. BAUER OF COLLEGE OF AGRI-  
CULTURE TO SPEND WEDNES-  
DAY AFTERNOON HERE

Dr. F. C. Bauer of the Illinois Col-  
lege of Agriculture will be one of the  
principal speakers at the field meet-  
ing which will be held at the Illinois  
Experimental field west of Dixon  
Wednesday afternoon at 2:15 o'clock.  
Dr. Bauer, who is one of the fore-  
most of the agricultural experts of  
the state, will discuss Fundamental  
Principles Underlying Permanent  
Agriculture, and he will also give  
some results that have been obtain-  
ed on the Lee county and other ex-  
perimental fields of the state. All are  
invited to attend the meeting and to  
inspect the work that has been done.  
Interurban cars stop at the gate to  
the field.

### ONLY DIXON BOOKS ARE OUT

Assessor C. B. Kelgwin of Hamil-  
ton township this morning returned  
his books to Supervisor of Assess-  
ments John E. Moyer. He had the  
books ready to return a number of  
days ago but the roads were so bad  
that it was almost impossible to  
get through for mud. All books are  
now in but Dixon and these will be  
returned this week.

## Women Will Canvass City For Rock River Assembly July 1

On or about July 1 eighteen wom-  
en of St. Paul's Lutheran church will  
begin a city campaign selling tickets  
for the Rock River Assembly. These  
women will visit every house and  
business place. The city will be di-  
vided into districts with a woman in  
charge of each district.

The women of the church believe  
this kind of a ticket campaign will  
bring good results. It is hoped it will  
in small towns where there are Chau-  
tauquas there is an unlimited  
amount of local pride. Nearly every  
citizen purchases a season ticket. Ev-  
ery business man in the town does  
his share to make the Chautauqua a  
success, and with such work the af-  
fair is usually a success.

## NEGRO "TRUSTY" AMONG ELEVEN SUSPECTS HELD

SOLITARY CONFINEMENT FOR  
THOSE SUSPECTED OF MUR-  
DER OF MRS. ALLEN

### INQUEST IS STARTED TODAY

Flags In Joliet Are At Half Mast For  
Woman So Brutally Killed  
Sunday

(Associated Press)

Joliet, Ill., June 21—Eleven con-  
victs, including James Campbell, the  
negro trusty who was serving sen-  
tence for murder, are in solitary  
confinement in connection with the mur-  
der of Mrs. Edmund Allen, wife of  
Warden Allen of the penitentiary,  
whose body, fearfully burned, was  
found blazing on her bed yesterday.  
The inquest was begun today. Flags  
are a half mast all over the city.

### Sensational Demonstration

A sensational demonstration was  
made against "Chicken Doe" Camp-  
bell, who is suspected of slaying Mrs.  
Allen, at the noon hour. 1,300 con-  
victs gathered in the main dining  
hall rose to their feet crying threats  
against Campbell. A hundred guards  
using clubs, were required to restore  
order.

### Cries of "Lynch Him"

Cries of "Lynch him," "Let's tear  
him apart," came from all parts of  
the hall. Three hundred of the con-  
victs resisted the clubs. They jumped  
up as fast as they were forced into  
their seats, howling imprecations  
against the man, whose alleged crime  
in their opinion, had brought the hon-  
or system into disrepute.

### Guilt Not Fixed

The first session of the inquest did  
not result in definitely fixing the  
guilt, but I did nothing to divert the  
finger of suspicion from Campbell.

It is believed that an attempt was  
made to attack Mrs. Allen before she  
was struck down. Then, when she  
was either dead or unconscious, her  
body was placed on the bed, a quan-  
tity of wood alcohol poured over it,  
and the bed clothes ignited.

The crime was accomplished with-  
in a remarkably short space of time,  
as the electric buzzer, by which Mrs.  
Allen made her calls for the convict  
who acted as house servant in the  
warden's private quarters had sound-  
ed but a few minutes before two  
other convicts, who had not been able  
to find the houseman, made their way  
to the third floor of the building to  
answer the call, and found smoke  
emptying into the hall and the room  
afame.

### Pressed Button as Alarm.

Mrs. Allen was a young and very  
handsome woman in robust health,  
but evidently was cowed into a state  
bordering upon helplessness when she  
divined the purpose of the convict  
who entered her bed room. Her first  
impulse was to press the button at  
the side of her bed and summon a  
"trusty" to her aid. The buzzer  
sounded sharp calls in rapid suc-  
cession and then was quiet. It is pos-  
sible that her hand was at the button  
when she was attacked.

### Convict Slayer Unknown.

The man who slew Mrs. Allen, who  
was the only woman in that part of  
the prison structure known as the  
"men's quarters," was an inmate of  
the institution, and is now within its  
walls. The question is how to find  
him out among so many capable of  
committing such an atrocious crime.

## Women Will Canvass City For Rock River Assembly July 1

No one can tell just  
how long Dixon will have this most  
Rock River Assembly what a boost it  
excellent Chautauqua. It depends  
almost entirely upon the support  
given it by Dixon people.

### Is Strong Dixon Boost

Nobody will deny that the Rock  
River Assembly is not a strong adver-  
tising medium for Dixon. It helps  
to put Dixon on the map. Now all  
Dixon should assist to keep this  
Chautauqua a success. It is not entire-

back it, but all the people benefit by  
it.

July. They do, and what a day we

SEE AMERICA FIRST—THE UPPER MISSISSIPPI.

The American traveler who has grown tired of throttling dollars as they rush by and who does not care to trust himself to an ocean liner infested by submarines and seasickness, can do no better than to install himself upon the floating deck of a Mississippi river steamer if he can find one, and go to St. Paul.

This is not an exciting trip and cannot be described with bated breath to crowds of eager listeners many years afterwards. But as a toner down of jangled nerves and a sedative for a runaway ambition, as well as a cure for bored eyes, it cannot be equalled.

The Mississippi approaches St. Paul from St. Louis by flowing north, south east and west with great industry, thus forming a series of loops, curves, convolutions and contortions, lined on

both sides with scenery which would cost a great fortune to duplicate. Great bluffs rear their precipitous forms athwart the landscape, on every hand, apparently trying to surround the steamer with 700 foot fortifications. But just as the nervous passenger is about to signal for an aeroplane, the river slips around a corner and fifteen reels of superior views are unrolled before him, causing him to miss his dinner while watching the channel contort between the headlands.

The government has taken the Upper Mississippi firmly in hand and has compelled it to flow in an orderly manner for 500 miles between wing dams and other engineering consorts. This provides plenty of water to float on but not enough to leap up into the hurricane deck and flow down the chimneys in case of trouble.

Beautiful and picturesque towns dot the upper rivers, and the citizen who is fond of foreign travel can step off at any place, and secure the thrill of the same by asking the honest Norwegian bystander a question and getting two quarts of superfluous "j's" by way of an answer.

STARTERS IN RACE TO BE DETERMINED

ENTRIES WILL HAVE QUALIFIED OR HAVE BEEN ELIMINATED TUESDAY EVENING.

A.A.A. OFFICIALS IN CHARGE

Will Supervise the Elimination Trials—Auto World Awaiting Saturday's Race.

(Special to the Telegraph) Chicago, June 21—Father Time got a touch of high life at Speedway park yesterday. The weakened old boy, still dizzy from the recent terrific assault made upon him by Dario Resta when the latter, driving his Peugeot, scorched the two mile plank oval at the rate of 110 miles an hour, nearly went "cooco" while acting as pace-maker for Daredevil Barney Oldfield. With 20,000 cheering motor enthusiasts watching, the grizzled vet of the steering wheel flashed his 300 horse power front drive Christie a two mile lap at an average speed of 111.5 miles an hour.

Oldfield's achievement goes down in the book as a new world's record for two mile speedways, the time being 64 2-5 seconds, or just one second better than Resta's annihilating performance last Tuesday. But one other racing car, the property of Jean Chas sagne, has traveled faster than the freak Christie, and the twice cylinder Sunbeam handled by the intrepid Frenchman established the high water mark of 60.31, but he was whirling around the four-mile Brooklands race course in England when he turned the trick.

Chicago, Ill., June 21—Before tomorrow evening, every automobile racing car entered in the first annual Chicago Speedway Derby will either have qualified or have been eliminated.

Great preparations have been made for the trials, which will be held tomorrow, commencing at 10:30 o'clock in the morning, continuing until every driver has shown the speed of his car as well as his own ability to drive. With a speed of 85 miles an hour called for in the official American Automobile Association rules dealing with this contest, many thrilling laps can be expected and although there may be one or two cars eliminated, Starter Fred Wagner who has officiated on practically every track around the country, predicts fast time in every trial.

That the "Speed Demon" has grasped the auto racers of today is a positive fact. When the rules covering the Indianapolis speedway races, held on May 31 of this year, called for a speed of 80 miles an hour in the trials, many wise automobile racing enthusiasts shook their heads and doubted the ability of more than half the cars entered to qualify. However, that 80 mile mark did not prove the enigma expected. Comparatively few fell below the mark and in fact those cars eliminated failed because of engine trouble and not because of a lack of speed.

A. A. A. Is In Charge.

When the A. A. A. officials took charge of the Chicago speedway affair, the first point investigated was the speed possibilities. No sooner had the last spike been nailed in the track than a testing car was rushed to the scene and a competent driver sent around the course to determine, as nearly as possible, the speed possible to attain. The next day the rules were drawn up and many expressed great surprise when that regulation relating to the speed required in the elimination trial flashed a clause showing 85 miles an hour. However, all fear was banished after the first car regularly entered tested the course. A Peugeot was first to turn loose and then a Marmon hit the course. Both drivers pronounced the eighty-five mile average speed very fair and this held.

All In Tomorrow.

Tomorrow's trials will find every driver entered on the track although Dario Resta, who established the world's record when he qualified, may decide to rest on his laurels. Resta's record spurt around the track will be long remembered. The Italian circled the two mile oval in one minute and a fraction over five seconds for an average of 110.1 miles an hour. That mark shattered all records for two miles and incidentally furnished an incentive for other drivers. There is a goal which stands out like a beacon light and there is not a single driver entered in next Saturday's great Derby who does not believe, or at least hope, he can equal or better Resta's record dash.

The three Stutz cars entered with Earl Anderson, Howard Wilson and Gil Cooper at the wheels, qualified last week and every driver averaged

above the 100 mile mark. However, not a single man on that Stutz team is satisfied to rest while the Resta mark remains high and dry above approach. All three Stutz pilots will fight for speed tomorrow and Harry Stutz, manager of the racing trio, is confident that at least one of his machines will touch the Peugeot mark.

When the lineup is arranged for the start of the contest, the cars and drivers are aligned according to their marks established in the trials. For example—Resta with the highest average, would be entitled to the pole position in the first row. The car with the second best average on the trials would be given a second position in the first row while third and fourth also would stand out in front.

CLINTON UNABLE TO DENT THE VICTORIOUS STREAK OF GUARDS

PROF. STRATTON'S MEN WIN FIFTH STRAIGHT GAME, SCORE WAS 1 TO 0.

HAPPY DOINGS FOR BIG CROWD

Biggest Bunch of Fans of the Season Enjoyed the Festivities On Sunday Afternoon.

The Home Guards' record is still untarnished by defeat. Despite the substitution of "Spud" Bales, former Dixon player, for Adams at short stop the fast Clinton Independents could not slip over the necessary to trim Prof. Stratton's students, and Dixon emerged victorious by a 1 to 0 score. Spring Valley will attempt to stop the winning streak next Sunday.

But we digress—as Teddy R. said when he stopped talking about Wilson long enough to hear the doctor say he had too much wind (beg pardon, blood) pressure. This is intended to be a story of some happy doings at Lincoln park Sunday afternoon which doings were enjoyed by the largest crowd of the season.

Clinton Was Confident.

Clinton, encouraged by the good luck which enabled them to slip into a tie with Dixon in their first game several weeks ago, came to our fair city confident of putting a great big "I" in the "L" column of the Home Guards. But they reckoned not with Buck Lightner and his associates, which associates included Joe Keenan who had just come from the Inter Hall championship team of Loyola University. Suffice it to say that Joe hasn't lost a thing through his association with the bright lights of Chicago. He catcheth like unto Tanglefoot fly paper, he throweth as T. R. throweth the bunk, and he hitteth like!

'Twas Some Game.

Verily it was a happy afternoon and some pleasing article of baseball—despite the fact that Dixon missed one or two chances to score by B. H. base running. But inasmuch as the one run was enough, it is sufficient to pass all criticism and return devout thanks for the big IT which was secured thusly:

Seventh inning, crowd in great excitement—that lucky seventh, you

know—and neither side having deposited, Stahl, pitching a good game, slipped a fast one into Hogan's ribs, on which our talented young short stopper ambled painfully (?) to first. Joe Keenan essayed to show how they do it in the Inter Hall league, and he passed the examination with perfect standing, for he poked a double into right field, Hogan going to third. Whitebread followed with a long fly into center, which Nyquist kindly muffed, and Hogan scored, Keenan going to third on the throw in, but he was thrown out on Larkin's grounder to Colfman, and Charles Keenan went out, third to first.

Clinton had but one chance to score and that was in the third. But Lightner proved himself the master of ceremonies, and shut down when Clinton needed bingles the most. The score:

R H E  
Clinton ... 0 0 0 0 0 0 0 0 — 0 3 3  
Dixon ... 0 0 0 0 0 0 1 0 x — 1 5 2

The table was charmingly decorated with peonies and roses, the centerpiece being a handsome birthday cake.

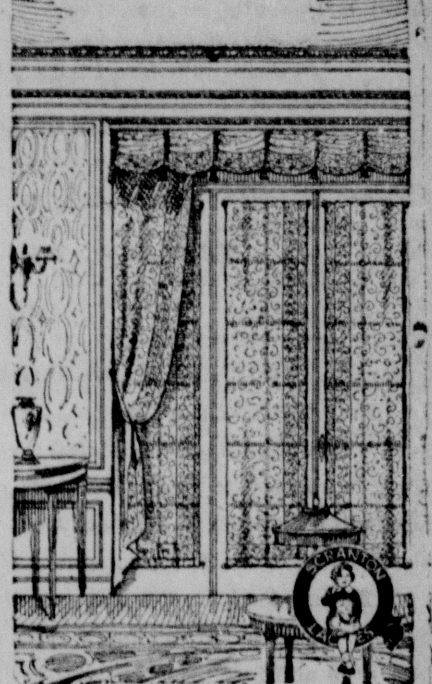

Lace Curtains have so much to do with the appearance of the home, as they are seen by both the guest and the passer-by, how important it is to have them tasteful and distinctive, too.

We are showing an immensely attractive line of laces and nets. Original in design and of splendid material, they nevertheless are offered at surprisingly low prices.

Quality weaves for popular use at popular prices is the keynote of our Curtain Department's Display.

You will be interested even though you may not need new curtains now, and you're welcome to come and spend an idle half hour in our drapery section.

**KEYES AHRENS OGDEN CO.**

### WEDS IN GRADUATING GOWN

Hinola High School Girl Elopes Immediately After Getting Diploma. Aurora, Ill., June 21.—Wearing the new white dress in which she had received her diploma from the Geneva High school at the commencement exercises a half hour before, Miss Myrtle Allen, seventeen years old, was married in Aurora to Ralph Gale of La Fox at midnight last night.

The couple eloped immediately after the commencement exercises and came to Aurora in an automobile.

Before turning oyster soup into the tureen put into the dish a heaping tablespoonful of finely minced celery and half as much chopped parsley. The flavor of the soup will be much enhanced.

Don't cultivate the potatoes when out in bloom, or coming out, unless you want a lot of stunted little tubers. Cultivate them before they get that big, and hoe them clean of weeds.

JUNE 21 1915

IT ALL DEPENDS WHERE YOU SIT.

Now just to show that this state is being repaid for going democratic, out in Tacoma, June has created a veritable Garden of Eden. Now of course there is no need to go into the harrowing details of the June we have been struggling through in Illinois. We'll just take that for granted and now read about how it is in Tacoma:

Tacoma Ledger: Open the windows and the doors and open them wide. Take a turn about the block between tasks and see the mountain and the bay. Stop and look at your neighbor's rose hedge. Spend a little time admiring the sky, as you would any work of art. You needn't play golf or tennis or own an automobile or power boat or have time hanging heavily on your hands to enjoy the days that are upon us. The air is like a lovely andante playing upon a 'cello. It is music to breathe it. The streets are embroideries of flowers. A few minutes' walk means an end of troubled spirits. Who is there so busy that he cannot afford to breathe and forget? And if you can't go out, leave the doors and windows open the day long. If you can't seek out June, let June come in. June that is more than heart balm! June that is the veritable elixir of life!

THE SLAUGHTER OF BIRDS.

Reports have come to the Telegraph of the killing of numerous birds by boys in North Dixon. One lady in North Dixon reported Saturday that boys had shot several robins, blue jays and wood peckers in the block in which she lives. Another lady reported that on Saturday she saw a boy on the bridge shoot a martin. The valuable and much prized bird was not killed by the boy's shot and the boy picked the fluttering thing up and threw it over into the river.

Such wanton and vicious slaughter of beautiful and harmless birds should be immediately stopped. The action is a violation of the law and any boy who commits such an act is liable to find himself in deep trouble with the authorities.

The carrying and shooting of air-guns, rifles, etc., within the city limits should be promptly stopped by the police and parents who allow their children to commit such depredations are not good parents.

PULL TOGETHER FOR LEE COUNTY.

On Wednesday, June 30th, a mass meeting will be held at Green River Park in Amboy for the purpose of forwarding the movement to engage a soil advisor for Lee county. Every public spirited citizen of the county should be present and aid in whatever way he may toward the favorable consummating of this plan. Lee county needs a soil advisor and the productive value of Lee county soil will be greatly appreciated if such a man can be put in charge here.

The Green River Farmers' club and the Amboy Commercial club are acting with the committee appointed last year to push this movement and these organizations are earning the gratitude of every farmer and every business man of the county by their patriotic efforts.

You, as a private citizen and an interested party, should do all you can to encourage their work.

AN ANNOYANCE TO THE AUDIENCE.

When band concerts are held the street on which the concert is being held should be denied to general traffic. Careless and thoughtless drivers often seem to know no better than to drive carriages and automobiles through the audience at these times, interrupting the music and irritating the listeners. Such drivers should be kept off the block in which the concert is being held, especially while the band is playing a selection.

WHO'LL BE BRYAN'S "ANGEL?"

To carry out the elaborate campaign against the president which Wm. J. Bryan has begun a great sum of money will be needed.

Mr. Bryan has assured his countrymen that he is a poor man. He informed them that his excursions on the Chautauqua circuit were rendered necessary because his salary of \$12,500 in the government employ and his personal resources were inadequate to the demands made on his purse.

That income of \$12,500 is now cut off. Yet Mr. Bryan's friends declare that he will not seek to make up the deficiency from the paid lecture platform, but, unrewarded except by his approving conscience, will devote his time and energy to the exposition of his theories of universal peace and the means of attaining and maintaining it.

Where is the great sum of money Mr. Bryan must have to carry out this program to come from?—N. Y. Sun.

NOT SUCH A SAD WORLD.

Every once in a while something occurs to make a fellow thing that life is just one continuous vaudeville, and pretty clever vaudeville at that if you see it from the right angle. People are always cracking jokes when they talk or write, though as a rule they don't realize it themselves.

How much clemency and how much consideration should be shown the man whose horrible act was responsible for the death of Warden Allen's wife. Why, the very convicts within the walls would tear the murderer limb from limb if they could recognize him, and the fate would be fitting.

The horrible murder of Mrs. Edmund M. Allen, the wife of the Warden of Joliet penitentiary, is the most grisly and most fiendish crime that could be imagined. The people of the state are shocked and grieved.

This is the longest day in the year, but they are all long enough at the White House at Washington. The President probably wishes this were the shortest year, also.

It would be just the luck of the democrats to have the rain spoil the corn crop.

The field is overcrowded, says they. Righto, says we. Move over.

MELANCHOLY DAYS.

The melancholy days have come, the saddest of the year, when you, determined to be glum, produce the flowing tear, when you refuse to see the joys surrounding every gent, and thus discourage other boys, and stir up discontent. A grouch will travel far and long before its work is done; and it will queer the hopeful song, and spoil all kinds of fun. Men start downtown with buoyant tread and things seem on the boom; then you come forth with blistered head, and fill them up with gloom. There'd be no melancholy days, our lives would all be fair, if it were not for sorehead jays who always preach despair. We'd shake off every kind of grief, if Jonah didn't come, the pessimist who holds a brief for all things on the bum. So if you really cannot rise above the sob and wail, and see the azure in the skies, and hear the nightingale, let some dark cave be your abode, where men can't hear you howl, and let your comrades be the toad, the raven and the owl.

### CURRENT COMMENT

New Haven Journal-Courier: Regardless of political affiliations, one must take off his hat to a man who has made the record upon which Senator Root can look back.

New Orleans Times-Picayune: Despatches from various Latin-American points convince the New York Tribune that the Monroe doctrine has made great progress during the last few months, since the great European war began. The American republics are able to appreciate how much of this immunity they owe to the United States. The Monroe doctrine is stronger today than it ever was and has the hearty support of every Latin-American republic. The great war has brought the countries on this side of the Atlantic closer together politically and commercially, to the benefit and advantage of all of them.

Davenport Times: Indications are that the Democrats themselves in the next congress will undertake to revise the tariff. It may be limited to changing the attempt to subsidize shipping in the guise of granting importers a 5 per cent discount if the goods are in American ships. The customs court has held that this provision of the law is valid. There is no questioning that part of it. But the court holds that the same discount of 5 per cent must be given to shippers who import goods from countries whose treaties contain the "most favored nation" clause. This practically means that the discount is to be given on all imports. In other words, the new tariff is really 5 per cent lower than it was presumed to be by the men who wrote the bill. A cut of one-twentieth of the tariff revenue is something the government is not now quite prepared to view with favor when the treasury balances are growing smaller all the time.

### UPHOLDS ILLINOIS PURE FOOD STATUTE

SUPREME COURT HANDS DOWN SOME IMPORTANT DECISIONS TODAY.

(Associated Press)

Washington, June 21.—The supreme court upheld the Illinois pure food law prohibiting the sale of food preservatives containing boric acid. The court also ordered a re-argument of the International Harvester Company case; annulled as unconstitutional the "Grandfather" clauses in the Maryland and Oklahoma election laws, and decided against the government in its suit to forfeit the unsold portion of the Oregon-California land grant, valued at \$50,000,000.

### MRS. MARTIN IS IN CANTON

Dixon Lady Is Conducting Pleasing Demonstration There.

Canton Daily Register: The Gas show to be conducted by the Canton Gas and Electric company opens in the Wyman block tomorrow afternoon at 2 o'clock and will continue three days. The demonstrator, Mrs. Elizabeth Martin of Dixon, Ill., arrived this afternoon. The show is attracting considerable interest among the gentler sex in this section.

"Mrs. Martin is an expert demonstrator and many new uses of the gas stove are expected to result in here following the show. The show will demonstrate all known up-to-date forms of gas appliance."

### AUSTRIA REFUSES TO GIVE ROUMANIA LAND

Franz Josef Stiffly Declines to Pay Big Peace Price.

Paris, June 21.—The news reaches Paris from Vienna that Emperor Francis Joseph again is being implored by Count Andrassy and German diplomats to give up territory to the threatening neutrals without making them fight for it.

The aged emperor is backed by the military party after his refusal pacifically to satisfy the Italian claims, and they are now stiffening his back to insist on appeals to give Bukovina to Roumania and accord home rule to Transylvania.

Count Andrassy called at the Schoenbrunn castle last week and, it is said, fell upon his knees and implored the emperor to give up Bukovina to save Hungary from a Roumanian invasion. Emperor Francis Joseph burst into a rage and cried:

"No one shall coerce me to dismember my empire without a blow. I defy Italy and I will defy Roumania if necessary."

"Let events take their course. Let the fortune of arms decide this and every other question affecting Austria's honor."

"No one shall say that Francis Joseph ever cravenly yielded to the rapacity of covetous neighbors in Austria's hour of trial."

### RUSS RETREAT SAYS VIENNA

## Is It Worth \$2.00 to Look Right ?

THE simplest dress, the most inexpensive suit look different over our \$2 Gossard Corsets. In Dixon an army of women believe that it is worth \$2 to have their figure correctly corseted—they believe clothes do not make the woman unless she has the right corset.

There is quality in this model, style and long wearing service. False economy is extravagance; continued usefulness and satisfaction are real economy. Which is better: 6 \$1 corsets a year, or 2 Gossard Corsets at \$2 each.

Which is better, authoritative style and fitting or haphazard selection over the counter of the garment which makes or mars the beauty of your figure.

Stop your corset purse leaks; make a careful investigation; be fitted to any corset, then try on this jewel of corset values and we will let you decide. It is worth double the price we ask—\$2.00.

(Continued from Page 1)

Judges of supreme court were advanced from \$2000 to \$3000 a year. The judges and clerks of election in Chicago were given an advance to \$7 per day for election and primary days.

The legislature also passed a bill appropriating approximately \$26,000 for the reimbursement of members for railroad fares spent in traveling between their homes and legislative sessions.

Bills Passed

All except two of the dozen or more bills drafted by the efficiency and economy commission failed of passage. The bills completely revised the executive departments of the state government and were designed to save the state thousands of dollars annually.

H. B. 838 appropriating \$1,000,000 a year for the next two years from the road fund for the building and maintenance of state aid roads.

H. B. 963 appropriating \$5,000,000 for the use of the University of Illinois for the next two years.

S. B. 345 appropriating \$125,000 for the purchase of land in Springfield for sites for additional state buildings.

H. B. 973 appropriating \$250,000 for the payment of interest on bonds to be issued by the state for the building of the deep waterway.

H. B. 979 appropriating \$124,124.97 to pay the state's half share of foot and mouth claims since May 6, 1915.

H. B. 980 appropriating \$200,000 for the payment of claims arising from the foot and mouth epidemic.

S. B. 159 deficiency appropriation of \$35,000 for the state public utilities commission.

S. B. 248 appropriating \$5,000 for salaries of officers of the state farmers' institute and \$75 a year to each county in the state.

H. B. 340 emergency appropriation of \$20,000 to meet a deficiency in the fund to pay expenses for the return of fugitives from justice.

H. B. 605 appropriating \$85,000 for state aid for county fairs and agricultural societies.

H. B. 8 authorizing townships to issue bonds for small park purposes, upon majority referendum vote.

H. B. 50 requiring that objections to assessments in drainage district cases be made within a limited time after the assessment is made and permitting the holding of purely perfunctory meetings of the drainage trustees outside of the district.

H. B. 417 authorizing townships to acquire and maintain lands for park purposes; gives township authorities right to eminent domain to acquire not to exceed ten acre tracts for parks.

H. B. 457 enabling counties to vote bonds for the construction of roads.

H. B. 63 enabling cities outside of Chicago to establish municipal playgrounds.

H. B. 93 providing for compulsory dragging of dirt roads.

H. B. 123 providing that a tax not exceeding two mills may be levied in cities outside of Chicago for the disposal of garbage.

H. B. 582 requiring a report to the state board of health within two weeks after birth of an infant having sore eyes and providing for free distribution of silver nitrate; designed to prevent blindness.

H. B. 766 (Tice) amending the motor vehicle act; providing for license fee for electric vehicles on a sliding scale, according to horse power, reducing size of number plate and other minor changes.

H. B. 921 authorizing the use of one-half of the poll tax collected in towns and villages for road purposes.

H. B. 134 requiring the nomination of school trustees by petition.

H. B. 147 providing for the laying out, widening and vacating of roads upon petition of not less than twelve interested land owners.

H. B. 328 providing that where the property of an estate does not exceed \$4,000 the clerk's fee shall not exceed \$10; where the estate does not exceed \$1,000 court may remit fees.

H. B. 506 legalizing organization of sanitary districts when a majority of the electors have voted for such organization, regardless of technical irregularities in the calling or conduct of the election.

H. B. 507 (T. E. Graham) limiting sanitary districts in borrowing money and issuing bonds to five per cent of the valuation of the taxable property of the district and requiring majority

vote in the election for bond issues.

H. B. 523 requires county boards to build bridges in municipalities of less than 15,000 population.

H. B. 696 (Roads and Bridges committee) authorizes township or road district, on two-thirds vote, to issue bonds to reimburse highway commissioners for indebtedness incurred in making necessary improvements and for which they have become personally obligated.

H. B. 914 providing for the construction of an eight foot channel waterway from the power plant of the sanitary district near Lockport to a point in the Illinois river near Utica, under the direction of a board of five commissioners, to be named by the governor.

S. B. 190 enabling park commissioners to issue bonds for the completion, improvement and maintenance, parks, boulevards and pleasureways.

H. B. 204 authorizing boards of education and village authorities to levy an annual tax not to exceed one-half of one per cent for educational purposes, and one and one-half per cent for building purposes.

H. B. 4 authorizing school authorities acting under a special act to issue warrants in anticipation of taxes; applies only to the cities of Alton, Carlinville, Galena, La Harpe, Lake Forest, Litchfield, Rockford and Waukegan.

S. B. 135 creating a state teachers' pension and retirement fund and providing for participation in the same after 25 years of teaching service.

H. B. 26 appropriating \$1200 per annum to each county for aid in paying the salary of agricultural advisers for incorporated farm associations.

H. B. 415 appropriating \$976,303.98 to reimburse, to the extent of one-half their losses, financial sufferers through the slaughtering of livestock during the recent foot and mouth epidemic among livestock.

H. B. 885 appropriating \$103,620.16 for the payment of fifty per cent of the expenses of burying slaughtered animals, purchasing and applying disinfectants, services of assistant veterinarians, etc. in connection with the handling of the foot and mouth epidemic.

H. B. 66 extending the workmen's compensation act to include additional employments, raises the minimum of compensation for death and of weekly indemnity; broadens the powers of arbitrators and authorizes circuit courts to review arbitrators' findings.

S. B. 80 gives veterans of the Spanish American and other wars the same civil service privileges that are accorded to the veterans of the civil war.

S. B. 495 appropriating the balance due sub-contractors for work on the sheep and swine pavilion at state fair grounds.

S. B. (Glackin) establishing state free employment exchange.

S. B. 106 allowing county superintendents of schools traveling expenses.

S. B. 182 requiring the sanitation of school buildings and grounds.

S. B. 39 (Pervier) correcting the defect in the law recently declared unconstitutional, authorizing the boards of town auditors to fix the compensation of collectors.

H. B. 45 (Gregory) authorizing townships to erect monuments or memorials in honor of their soldiers and sailors.

H. B. 335 (Gorman) requiring that applicants for embalmers' licenses shall have had two years' practical experience under a licensed embalmer.

H. B. 10 amending the mothers pension act to include mothers whose husbands have deserted them for over two years and to include mothers whose children otherwise would be committed to dependent institutions.

H. B. 81 providing that the election of presidents and members of boards of education shall be had under the Australian ballot system.

H. B. 561 providing that county superintendents of schools shall take office on the first Monday in August following their election.

H. B. 994 increasing the salaries of down state circuit court judges from \$5,000 to \$7,000 a year.

H. B. 199 makes person making a false statement regarding his financial condition in order to procure credit, subject to imprisonment for one year, a fine of \$2,000, or both.

S. B. 164 changing the age of commitment to the Pontiac reformatory from 21 to 25 years and permitting the transfer to the penitentiary of reformatory reformatory prisoners.

CO. G WILL DRILL

The regular drill of Company G will be held this evening at the Armory. The nearness of the coming encampment makes it imperative that all the members of the company attend.

MANY BILLS PASSED.

A partial list of the bills passed by the General Assembly follows:

LEO FRANK, SAVED FROM GALLOWES

Governor Slaton of Georgia this morning announced the commutation of Frank's death sentence to life imprisonment. Frank had been removed from jail to the state prison farm before the Governor announced his decision to prevent any violence being shown.

DIED WHILE GUEST  
AT DAUGHTER'S HOME

MRS. J. M. THOMPSON OF MINNEAPOLIS PASSED AWAY AT AMBOY TODAY

(Special to The Telegraph)  
Amboy, Ill., June 21—Mrs. Agnes Thompson of Minneapolis, wife of J. M. Thompson, died at the home of her daughter, Mrs. McCreary of Amboy, following a three weeks' illness. She was taken sick soon after her arrival here, and passed away despite the best of medical assistance. Her family, consisting of her husband, two sons who live in Minneapolis, and two daughters, Mrs. Frank McCreary of Amboy and Mrs. Schone of Sycamore, were with her at the time of her death, and accompanied the remains to Minneapolis this afternoon.

REAL ESTATE DEAL  
INVOLVES \$192,000

G. W. CONN OF DIXON TRADES WISCONSIN LAND FOR CANADIAN TRACT

A large business transaction was closed Saturday in Dixon, when N. R. Graham, a prominent life insurance man of Des Moines, Ia., exchanged large Canadian holdings, including part of the town of Canora, Saskatchewan, Canada, together with 1920 acres of improved land adjacent thereto, to G. W. Conn, for valuable land in Rock county, the corn belt of southern Wisconsin. This transaction aggregated about \$192,000.00. It will be understood that Mr. Conn is the present owner of one of the largest mercantile businesses in Dixon, having recently purchased the business formerly known as the E. J. Countryman Co.

Mr. and Mrs. Lloyd Lewis are spending a few days with friends in Ottawa and LaSalle.

WM. J. FRUIN DIED  
AT OGLE CO. HOME

FATHER OF GEORGE FRUIN OF DIXON PASSED AWAY—HEART TROUBLE CAUSE.

William J. Fruin, father of George Fruin of Dixon, passed away at his home in Nachusa township, Ogle county, at 2:30 o'clock this morning, heart trouble being the cause of his death. Mr. Fruin, who was an especially well known and respected resident of Ogle county, was 59 years of age, and is survived by his wife and four sons: George of Dixon; Claude of Oregon; William of Granite Falls, Minn.; and Perry of Nachusa township.

DYSART ABLE TO  
ATTEND MEETING

COMMISSIONER HAS BEEN VERY ILL SINCE ELECTION—LITTLE BUSINESS DONE.

Every one of the commissioners was present at the weekly meeting at the council rooms this morning. Commissioner Dysart has been laid up for over six weeks, this being the second meeting he has been able to attend since his election. There was very little to come before the meeting and the session was short.

E. J. Ferguson made application for a permit to move the house that stands on the lot on Peoria avenue, recently purchased by the school board, to his lot on Galena avenue. The required bond accompanied the permit and the same was granted. The bonds of the police officers appointed a week ago were filed and approved. After a short discussion in regard to having property owners trim up the trees which have branches hanging low in the streets, council adjourned.

AUTOMOBILE CREWS  
FINALLY GOT AWAY

ADVERTISING FOR DIXON CELEBRATION IS BEING PLACED OVER THIS SECTION.

Scores of automobiles left Dixon early this morning, bound in every direction, to carry out the twice proposed advertising campaign for Dixon's monster celebration which will be held Monday, July 5. The crews, which were equipped with all manner of advertising matter, will "cover" all the territory within a radius of 60 miles, and by nightfall it is certain that all of northern Illinois will know that Dixon is going to entertain in her inimitable way and that everyone will be welcome here on Monday, July 5.

MANY ATTENDED FUNERAL

The funeral of the late Christopher G. Reiss was held Sunday afternoon from the chapel at the undertaking rooms of Morris & Preston and was attended by a large number of acquaintances of the deceased. Rev. F. D. Altman of the Lutheran church officiated. This morning E. L. Kling left for Catawissa, Pa., with the remains for interment.

IS GAINING

Mrs. Will Steel of North Dixon, who has been very ill, is improving.

CALLED TO WISCONSIN

O. H. Martin has been called to De Pere, Wis., by the illness of his father.

SUFFERS INFECTED KNEE

Bessie Lehman, daughter of Mr. and Mrs. Ralph Lehman of St. James in a fall some time ago injured her knee and the member has become infected. Miss Bessie is quite ill and it is feared an operation will be necessary.

## WARDEN'S WIFE SLAIN IN PRISON

Mrs. Edmund M. Allen Assaulted and Burned to Death.

(Continued from Page 1)

There are approximately 1,750 men prisoners confined in the Joliet penitentiary, many of them murderers who have lost all sense of value of human life, and to whom another murder would mean nothing in their present life or the hope of a hereafter.

### Negro Trusty Suspected.

Joe Campbell, a negro sent to the penitentiary in January, 1914, for killing another negro in Chicago, was the only trusty having access to Mrs. Allen's quarters.

There were four other trusties on the third floor of the administration building at 6 o'clock, at the hour Mrs. Allen sounded the buzzer for help, but they did not have the privilege of entering the warden's private quarters. They waited until a search had been made for Campbell before they undertook to answer the call of Mrs. Allen.

Campbell is now in solitary confinement in the penitentiary as a suspect, but he declares that he can easily establish his innocence and an alibi, as he was outside the prison inclosure when the fire was discovered.

Trusties on the third floor of the administration building who heard the buzzer waited for Campbell to respond, but as the calls came insistently, two of the trustees ventured to the door of the warden's private quarters, and on opening the door saw smoke issuing from the doorway of Mrs. Allen's room. They promptly gave the alarm.

### Find Body After Fire Fight.

It required a fight of some minutes for the prison fire department to conquer the flames, and when the first men entered the room, the tragedy was discovered as the charred body of Mrs. Allen was lying upon the charred ruins of the bed.

An examination of the body showed that instead of a tragic accident the prison authorities had discovered a murder within the walls of one of the best guarded institutions in the country, and that the victim was the warden's wife. The back of Mrs. Allen's skull had been crushed in and the blow was enough to have caused death, but she may have been alive when the slayer set going the flames in a vain effort to cover up his crime.

### Allen Kind to Convicts.

Warden Allen left Joliet Saturday for a ten day visit to West Baden, and Mrs. Allen was to have joined him there yesterday. There were but few of the prisoners who knew of the warden's absence, and this fact may aid in the solution of the crime.

Since becoming warden of the penitentiary, a place his father held years ago, Allen had attracted national attention by his devotion to the policy of greater freedom for the convicts in his charge.

### NOTICE TO CONTRACTORS.

#### Bridge Letting.

Sealed proposals, addressed "Proposals for Highway Bridge Work: L. B. Neighbour, County Supt., Dixon, Ill." will be received by the undersigned Committee, at the office of the Co. Supt. of Highways, Dixon, Lee County, Illinois, until the hour of 1 p. m., Thursday, July 1, 1915, at which hour and place the said Committee will publicly open and declare such bids.

The work for which bids are solicited is the erection of two highway bridges in the Town of East Grove, said County, as follows:

(1) The Clinton Bridge, an all-concrete, reinforced structure, of 25-foot span and 16-foot width over a natural stream and on the line between Sections 24 and 25, said Town. Concrete, 39.7 cu. yds. Steel, 5970 lbs.

(2) The Stone Dredge Bridge, steel I-beam construction, reinforced concrete walls, 25-foot span and 16-foot width, over Stone Dredge drainage ditch and on the line between Sec. 30, East Grove, and Sec. 25, Hamilton. Concrete, 29.6 cu. yds.

Bids on each bridge to be accompanied with check for \$100, payable to the Town Clerk of East Grove.

Plans for said bridges, drawn by the Illinois State Highway Commission, are on file in the office of the Lee Co. Supt. of Highways, at his office in the Court House, Dixon, Ill.; and at the office of Wesley Peach, Town Clerk of East Grove, R. 1, Harmon, Ill.

The Committee reserve the right of rejecting any or all bids.

## WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

### Rock River Assembly?

Has Dixon a merchant who does not wish the Assembly unlimited success?

Has Dixon a merchant who does not love to boost for the best Assembly in all northern Illinois?

Has Dixon a merchant who would not be pleased to take his or friends to the Assembly and point with pride to its success, to its splendid entertainments, and feel that Dixon has something of note, worthy of speaking for and worthy of boosting??

### Many Institutions

Now, all together, are we not all of us proud of Dixon, and especially are we not proud of it for this summer at least? Why this year?

That great big Fourth of July celebration we are expecting.

That military encampment we are going to enjoy for four weeks.

That \$1,000,000 state institution we are now erecting.

That great big Rock River Assembly that we are going to have this summer.

Welcome these eighteen good women to your homes and business places and purchase, at least, one single season ticket.

## DEMENTTOWN DOINGS

Here it is—the longest day of the year. And this weather makes every day seem twice as long as it should.

A fellow will haggle for an hour in a grocery store over the price of a pound of cheese and will go right from the grocery to a garage and pay three prices for a gallon of gasoline without so much as a murmur.

A California young man offers to marry some nice young woman who can furnish him \$10,000 with which to start in business. And still there are people who insist that chivalry is dead.

Emperor William doesn't seem to be at all worried by the news from London to the effect that he has lost his garter. His socks seem to stay up just the same.

The new style hats that are just a foot across are so sensible that it's a safe bet they will never become popular with the fair sex.

By the time certain husbands and their wives decide where to go to spend their vacation it is time to begin buying coal again and they postpone their trip until the next year.

### Doesn't Have To

"Is Maud one of those women who carry gossip around?"

"No, she has a telephone in her own house."

### Otherwise Not

Why do you want to get divorced? Because I'm married.

### Styles.

Those summer furs that Maggie wears—

Great Scott! They are immense. But Maggie's father fumes and swears

And raves at the expense. Why wrap a boa 'round her neck

With gown that is cut so low? Can anyone explain, by heck?

That's what we want to know

The women grab a foolish fad

About nine times in ten;

The only ones that are as bad

In that way are—the men.

Mr. and Mrs. J. W. Watts, Mr. and Mrs. J. W. Busby and Mrs. Clea Bunell are attending the Ashton chautauqua today.

Read the opening chapter of our splendid new serial. Wednesday is the day.

## MAY REVIVE FERRY AT GRAND DETOUR

BRIDGE WILL BE CLOSED FOR REPAIRS—COMMITTEES DECIDE TUESDAY.

A joint committee meeting will be held tomorrow morning at 9 o'clock at the Grand Detour bridge of the road and bridge committees of Lee and Ogle counties to complete plans for the joint improvement of the bridge. It has been practically agreed by the committees that crosstie treated blocks will be used for the floor of the structure instead of planks. It is claimed that these blocks will last the life of the bridge. The bridge is to be painted and brightened up and the details for this work will be gone over. One of the important questions to be decided upon will be as to what will be done with traffic while the repairs are in progress on the bridge. The plank flooring is to be torn out and the girders and rods under the floor are to be thoroughly scraped and then painted before the new floor is laid. It is expected that the bridge will be closed to traffic from two months to ten weeks. It appears to be the general impression that the only way to handle the traffic will be to restore the lower ferry, which will likely be done.

## START WORK ON CROSSING

Lenox & Son Hauling Dirt From Ives Pit for Big Fill.

John Lenox & Son who were awarded the contract for the fill and macadamizing of the roadway leading to the new bridge over the Northwestern tracks west of this city on the Rock Island road, have started a crew of men at work hauling dirt from the Ives gravel pit to make the fill. The contract calls for the work to be completed by October 1st, but they expect to have it finished at least one month before that time.

### FOR COURSE OF TREATMENT

Thomas Young will go to Kenosha, Wis., tomorrow for a course of treatment for his back, which he injured recently.

## CARRANZA READY TO FLEE MEXICO

First Chief Is Virtually Prisoner at Vera Cruz.

## FOLLOWERS DESERTING HIM

Obregon Said to Be Advancing on Sea Port Capital of First Chief—Demands Changes in Cabinet—Wilson Despairs of Peaceful Settlement in Republic.

Galveston, Tex., June 21.—Dispatches reaching here say Carranza has prepared to flee from Mexico. He has taken with him to his secluded fortress all valuables and baggage, and will embark on a war vessel the moment he learns that his enemies have entered Vera Cruz. Soldiers about Vera Cruz are said to have deserted the first chief.

While Carranza has made all preparations to escape from the country, Obregon is reported to be waiting for a reply from the first chief regarding cabinet changes before marching upon the city of Vera Cruz. Reports from quarters which cannot be questioned say Obregon will give battle to Carranza unless the cabinet changes are made as requested. Carranza has fortified the entrance to Vera Cruz, but this will avail nothing without an army.

Wilson Despairing of Peace. Washington, June 21.—President Wilson and his cabinet are now almost in despair over a peaceful settlement of the Mexican situation.

Food conditions throughout Mexico are becoming so desperate that "many thousands of poor creatures will be in their graves for want of a mere pittance of corn by the end of the present year," according to Red Cross reports.

Carranza Virtually a Prisoner.

Venustiano Carranza, but a few days ago the dominant figure among the revolutionists, now is practically a prisoner in the fortress of San Juan de Ulloa outside of Vera Cruz. His followers are bending to the authority of General Obregon, the uncompromising enemy of General Villa.

General Maytorena with 1,000 Villista troops is hastening toward Toluca to prevent the landing of Admiral Howard's force, dispatched to rescue Americans threatened with death by Yaqui Indians.

Anarchy is Prevalent. Anarchy is more prevalent throughout the republic than it had been at any time since the revolution began, according to reports received here.

## FRENCH GAIN NEAR ARRAS

War Office Also Reports Further Advance in Lorraine.

Paris, June 21.—Another important gain by the French in the region to the north of Arras is announced in the night communiqué. After the capture of Le Fond-De-Buval, which was reported in Saturday's official statement, the French delivered a new attack in the morning and succeeded in gaining an advance of one kilometre. The Germans made a desperate attempt to check the progress of the French troops, and after being forced to withdraw they continued to rain shells on their enemy's lines. The artillery duel in this region is still going on.

Two lines of German trenches were captured on the heights of the Meuse during the day and further progress in Lorraine is also announced.

## FRANZ JOSEF USING THE AX

Emperor Displeased Over Situation in Tyrol Reduces Generals.

Rome, June 21.—Reports from a reliable source in Vienna are to the effect that Emperor Francis Joseph is indignant at the defeats of his army on the Italian frontier. In spite of heavy reinforcements sent to the Austrians from Bosnia and Herzegovina, strategic and strongly fortified positions which had been considered impregnable have been lost. The Austrians have shown themselves apparently unable to guard against surprise attacks and the Italian advance has gone on unchecked, while the Austrian losses have been tremendous.

It is reported that the emperor has relieved General Dankl and General Rohr of their commands on the Tyrolean front and has threatened the commander in chief, Archduke Eugene, with the same fate if he allows Goritz to fall into the hands of the enemy.

Many Fail to Pass.

New Haven, Conn., June 21.—According to announcement, thirty-eight members of the senior class in Yale college will not receive their degrees at commencement on Wednesday, having failed to pass their final examinations. Among these is H. A. Pumpelly, the football star, who is considered one of the brightest men in his class.

FOR RENT. Several splendid office rooms in Evening Telegraph building. They are modern, hardwood finish, running water, electric light, large, airy rooms.

## WIFE CHARGES EXTREME CRUELTY

Mrs. Della Mekeel Files Bill for Divorce, In Circuit Court.

In the circuit court this morning Della Mekeel, through Attorney Harry Edwards, filed a bill for divorce from her husband, Dennis Mekeel, on the charge of cruelty. According to the bill they were married in Dixon October 11, 1913. The case will be called at the September term of circuit court.

## A BIT OF ADVICE

FIRST—DON'T DELAY. SECOND—DON'T EXPERIMENT.

If you suffer from backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Dixon residents desire more convincing proof of their effectiveness than the statement of a Dixon citizen who has used them and willingly testifies to their worth?

Mrs. J. Caritey, 511 Spruce street, Dixon, says: "Some few years ago I suffered from a severe attack of kidney trouble. My back was so sore that I couldn't walk erect and mornings it was hard for me to get out of bed. It was next to impossible for me to stoop over. I had tried various medicines, but they had no benefit and had about given up hope of getting better. A friend recommended Doan's Kidney Pills so I got some at Leake Bros. Co.'s drug store. By the time I had finished two boxes I was able to sit up in bed and my back felt stronger. I used eight boxes and had no more trouble until I injured my back a short time ago. Doan's Kidney Pills then gave me immediate relief."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Caritey had. Foster-Milburn Co., Props., Buffalo, N. Y.

will be scarce and higher for the rest of the season.

Little and of poor quality berries will be plentiful for a few days yet.

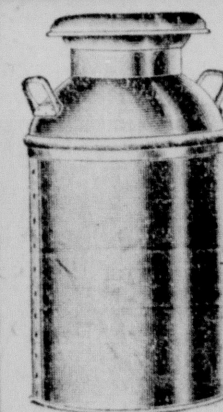

Early Cherries coming—We think the last ten days in June, the best canning time for them. A fair crop of cherries.

Black Raspberries—first 10 days in July will likely find them at their best. A good crop of them.

A good crop of southern Elberta Peaches will be on the market commencing the last part of July. Expect the price to be around \$1.75 to \$2.00 per bushel.

You will always find a supply of these and other fruits at
